CSBG Administrative Board Meeting

February 14, 2017 8:30 a.m.

DeKalb County Health Department Salubrity Board Room 2550 North Annie Glidden Road DeKalb, Illinois

Agenda

- I. Call to Order
- II. Public Comment
- III. Approval of Minutes
- IV. Approval of Agenda
- V. CSBG 2016 4th Quarter Reports, update on CSBG 2017
- VI. Update on Organizational Standards
- VII. Review of Draft Strategic Plan Document
- VIII. Review and Approve Mission Statement
 - IX. Conflict of Interest Forms
 - X. Old Business
- XI. New Business
- XII. Next Meeting Date: May, 2017
- XIII. Adjourn

DeKalb County Community Action Department CSBG Administrative Board Minutes of November 22, 2016

Members Present: Les Bellah, Melissa Garman, Joshua Hall, Regina Harris, Julio Hernandez, Carol Herrington, Dawn Littlefield, Dan Nolan, Valarie Redmond, Stephen Reid, John Rey and Joslyn Turner. A quorum was reached.

Members Not Present: Sylvia Ibarra, Maggie Peck representing Ken Mundy, and Eileen Dubin.

Others Present: Jess Collins, Lesa Eames, Bri Kness, Donna Moulton and Jake Swick.

Call to Order: John Rey called the meeting to order at 8:31am.

Public Comment: There were no public comments made.

Approval of Minutes: Melissa Garman made a motion to approve the meeting minutes of September 19, 2016, seconded by Carol Herrington. Motion approved.

Approval of Agenda: Dan Nolan made a motion to approve the agenda, seconded by Valarie Redmond. Motion approved.

CSBG 3rd **Quarter Reports:** Jess Collins presented the CSBG 3rd Quarter reports. Services Report: <u>Job Counseling (FED)</u> program proposed served (outcome) is for 15 persons to achieve higher income due to earnings or benefits. 42 total program participants are being served, 12 have completed (achieved outcome), 27 are still in progress, and 4 have dropped out due to various reasons including incomplete paperwork.

<u>Scholarship Program</u> proposed served is for 5 persons. John Rey requested explanation of criteria for program. Donna Moulton responded with information about the application process/requirements: 125% of poverty level, permanent DeKalb County resident, monies toward post-secondary education, etc... First application is submitted, then meeting with Family Support Specialist (review paperwork, additional background information and personal stories), then on to the scholarship committee (review applications and make recommendations to the DCCAD Board) and finally Jess Collins processes claims and notifies institutions of higher learning.

Income Tax Program proposed served is for 80 persons. The reason there are no numbers is because they were not entered into the STARS tracking system. There was a manual count of 64 persons served (accounted for in services-no characteristics). The numbers proposed are not being seen therefore DeKalb County Community Action will not be partnering with the Tax Program going forward. The services report for this grant year goes through March 2017 because this is a 5 quarter grant, added Donna Moulton. She gave an explanation of STARS program and learning more for increased efficiency in reporting data and outcomes.

<u>Community Organization & Brokerage/Advocacy Project Program</u> goes by number of hours in meetings. <u>Family Stability Support-Intensive case management (FSS) Program</u> consists of ongoing services with Lucy or Lesa for overcoming obstacles (employment, transportation, child care, etc....) with the establishment of a Goal Action Plan (GAP) to reach desired outcome. 75 individuals proposed (all individuals in the household targeted outcome) 122 served and 52 completed (increased score on scale) through 9/30/2016. Questions were asked and Donna Moulton went on to explain 11 domains on the

self sufficiency scale. Jess Collins added that the report total amount differs and should read 175 individuals proposed (this particular report doesn't show that). He offered to manually adjust the report and have it ready for the next meeting. Donna Moulton added that looking at the percentage of successful individuals in the program-is trying to be more realistic due the number of barriers and the ability to maintain stability. Program is working to be better and improve the ability to maintain stability. Jess acknowledged Family Support Specialists (FSS) present. Dawn Littlefield asked about financial stability and the inclusion of financial literacy. Jess Collins responded in the affirmative that DCCAD FSS's are working on budgeting, etc.... If a service is specialized such as credit counseling there is outsourcing. Donna Moulton added that a partnership has been established with a local bank to assist some of the program participants and that Lesa is meeting with both parties today. Donna also explained that the volume for classes may be lacking at this time however we anticipate growth and will continue to utilize other resources such as Money Smart Week.

<u>Program Participant Characteristics Report</u> establishes who we have visually seen and reported on through entry into STARS program. DCCAD also tallies walk-ins and phone calls, etc.... for no characteristics obtained statistics. Donna Moulton added that the FSS's spend a great deal of time speaking with people about resources via phone. In the report 625 no characteristic contacts have been tabulated from 1/1/2016 to 9/30/2016. Reports are sent to the state and compiled then on to the feds. It is the hope that more individuals will come to the office to join the program.

<u>CSBG Financial Report</u> for income and expenses. The difference at the bottom of the report that is negative is an outstanding check that DCCAD is waiting for. Per Donna we operate on a reimbursement model every 2 weeks.

Update on Organizational Standards: Donna Moulton spoke-Jess has been attending state meetings on the new Organizational Standards that have come from the feds to increase governance and transparency. Jess and Donna will attend network meeting in Springfield next week to discuss how DCCAD is meeting or exceeding the standards. Jess Collins is tracking on the computer system what standards we are meeting, lacking and or exceeding. We are still waiting for the Strategic Planning document from Christine Westerlund from IACAA. Hopefully there will be an actual document (category 6 in standards) at the next meeting in February 2017. The "draft" of the Organizational Standards that each board member received will hopefully be official after the Springfield meeting which Donna and Jess will attend.

Board Training: (category 5 of Strategic Planning document has to do with the Board) Jess Collins distributed the IACAA Handbook for Advisory Board Members and played a DVD (Board Training for Community Action Agencies 8/2015). He noted that the pages stated in the DVD did not match up with the actual handbook. Donna gave an explanation of difference of non-profit vs. public CAP. The following sections were previewed:

- Introduction
- History of Community Action
- Getting Started
- CAA: Board Structure & Operations
- CAA Board: Responsibilities & Your Role as a Board Member
- Providing for the Agency's Future: Strategic Planning
- R.O.M.A. (Results Oriented Management Accountability)
- Final Thoughts and Practice

Jess informed every one of some of the pages and how they matched to parts of DVD:

Page 12-13 By-Laws checklist
Page 19 Tripartite Board
Page 22-24 Board Member goals

• Page 42 Scenarios

Page 46 Board handbook definitions

Donna Moulton discussed Tripartite board = exactly 1/3 public, at least 1/3 low-income (we can have more low-income representation) and the rest private. IACAA is working to increase the low-income composition of the board. She also discussed the County Board's role and responsibility including evaluation of Executive Director.

Donna and Jess discussed the importance of accessing DCCAD's staff/board member website and making sure that an account is created in their name so that they can access webinars, By-Laws, CAP law, mission statement, forms, schedules (days of operation) and information about the agency or for board members.

John Rey discussed the Head Start Program main office being in Aurora and the Executive Directors in DeKalb location and Aurora location. Donna elaborated on what DCCAD's part is in relation to Head Start program and Community Contacts (LIHEAP/weatherization) program.

Per Donna the DCCAD budget was approved by the County Board in the November meeting. The <u>Community Assessment Plan</u> is a 100+ page document that is reviewed in August. They are working to integrate documents so that they have the same language and are consistent in all areas of Community Action.

Jess is in the process of becoming a National Certified ROMA Implementer. Donna started the process to be a trainer a year ago. They have started the process of more immediate feedback from FSS's where numbers and outcomes are concerned. Jess has completed Part I (6 on line training modules) and Part II (one-day training). His final part (due early 2017) consists of creating a portfolio on how DCCAD addresses ROMA and how we can be better. He also discussed how ROMA relates to the DCCAD FED and FSS programs.

Donna stated that there will be additional Board Member trainings going forward. John Rey thanked Jess and Donna for leading the Board Members through a lot of what was on the DVD. Donna encouraged the members to ask questions, give insights and feedback.

Old Business: There was no old business.

New Business: Donna Moulton discussed and passed around the letter from DCEO that stated that the audit is in compliance. Donna also discussed the DSATS-transportation study plan and surveys (she chairs the subcommittee). There will be 3 public open houses:

- 11/28/16 from 2PM-4PM at the Holmes Student Center.
- 11/29/16 from 1PM-3PM at Taylor Street Plaza.
- 11/29/16 from 5PM-7PM at the Gathertorium in Sycamore.

The subcommittee is looking into ways to better coordinate services between the Huskie Bus Line and TransVac Bus Services in order to better serve the community. John Rey added that he received an E-mail this morning pertaining to this topic. Donna discussed that she is working with Jessica from DSATS to clarify the confusion about Monday, 11/29 because 11/29 is a Tuesday. She will also be displaying a flyer at DCCAD and the Health Department. John and Donna also discussed the agencies involved in the process: TransVac, Huskie Bus Line, NIU student group, City of Sycamore, City of DeKalb, and DeKalb County.

Next Meeting Date: The next meeting is scheduled for February 2017, DeKalb County Health Department, Salubrity Board Room.

Adjourn: Dawn Littlefield made a motion to adjourn the meeting, seconded by Les Bellah. Jess Collins requested that everyone please make sure to sign in on the sheet. Motion approved and meeting adjourned at 9:45 am.

DeKalb County Community Action Department Strategic Plan 2016-2021

THE PROMISE OF COMMUNITY ACTION

Community Action changes people's lives, embodies the spirit of hope, improves communities, and makes America a better place to live. We care about the entire community, and we are dedicated to helping people help themselves and each other.

Executive Summary

DeKalb County Community Action Department (DCCAD), a public Community Action Agency, operates in Northern Illinois and is organized to provide opportunities to individuals and families with low-income to become self-sustaining. To meet the challenges of providing economic opportunities, DCCAD underwent a comprehensive strategic planning process to examine the past, present and future of effective program operations and outcomes. This was accomplished "by looking both at the internal functioning and at the community's needs."* This planning process identifies ways to build balance, collaborations and approaches on behalf of these residents and use innovation, education and advocacy to advance the mission of the organization. This plan includes measurable outcomes for families, communities and DCCAD, and sets in motion, for the DCCAD staff and board, to move forward in breaking the cycle of poverty.

The planning process was inclusive of DCCAD CSBG Advisory board members, key department staff and Community representatives, meeting in two sessions to review, discuss and plan for the future. Their passion and knowledge for the work of the agency is deeply appreciated. Those involved in the discussions:

CSBG Advisory Board:

Eileen Durbin Misty Haji-Sheekh Steve Reid Joanne Rouse

Community:

Arline Hernandez, program participant
Julio Hernandez, program participant
Tiara Hudggins, UVTA
Dawn Littlefield, United Way
Maggie Peck, City of Sycamore
The Honorable John Rey, Mayor, City of DeKalb

Staff:

Donna Moulton, Executive Director Jess Collins Lesa Eames Andre Joachim Lucy Sosa The planning discussions generated three areas of strategic direction:

- Poverty Education and Outreach
- Living Wage Jobs
- Funding

It should also be noted that, while these are the over-arching directions for DCCAD, work will be ongoing in multiple areas, including; Agency infrastructure, technology needs, internal collaboration, data collection and analysis processes, and the re-visioning of programmatic alignments.

Being mindful of the volatility of state and federal funding, this plan will focus on the setting of short-term goals in each of the Strategic Directions and will revisit the Plan each year to assess status and to explore new goals.

This document's creation and use also serves to fulfill the directive of Information Memorandum (IM) 138, Category six: Strategic Planning.

*taken from the IM 138 directive, pg. 18.

Agency Overview:

The DeKalb County Community Action Department (DCCAD) has been DeKalb County's official anti-poverty agency since 1984. Our mission is to help low-income families achieve and maintain their highest level of self-sufficiency by providing a variety of programs. We are a member of the Illinois Association of Community Action Agencies (IACAA) and the Community Action Partnership.

DCCAD is the Community Action Agency (CAA) designated to serve DeKalb County's low-income families. CAA's are created by their local governments as public or private entities and have two primary purposes: to provide essential anti-poverty programs, and to advocate for the needs of the poor in their communities. In addition to reporting to the DeKalb County Board, DCCAD also has an Administrative Board that meets the requirement of all CAAs to have a tripartite board including 1/3 low-income individuals, 1/3 elected officials, and 1/3 private sector community members.

Agency Mission:

To provide access to opportunities for all low-income individuals and families in DeKalb County by providing education and empowering them with effective community resources and support to increase self-sufficiency and household stability.

Strategic Planning Organizing principles:

Each of the DCCA Strategic Directions are tied to ROMA (results oriented management and accountability) Goals and IM 138. This is a purposeful alignment for multiple reasons; there is a need to use ROMA goals and language to articulate DCCA outcomes in the areas of family, community and agency impact. The ROMA Goals*are:

- Goal 1: People with low-income become more stable. (family)
- Goal 2: The conditions in which people with low-income live are improved. (community)
- Goal 3: Low-income people own a stake in their community. (community)
- Goal 4: Partnerships among supporters and providers of service to low- income people are achieved. (agency)
- Goal 5: Agencies increase their capacity to achieve results. (agency)
- Goal 6: People with low-come can achieve stability. (family)

The use of the ROMA cycle is a key element of this planning process. The ROMA cycle identifies each area of work needed to implement the objectives set forth in the strategic plan.

*The ROMA Next Generation Goals are not yet finalized (11/2016). However, it does appear that the next iteration of the goals will be three goals focused on the family and community. The work and performance of the agency is woven into IM 138. Therefore, for the purposes of this plan, the ROMA goals will be stated a Family, Agency and Community.

Agency SOAR (Strengths, Opportunities, Aspirations and Results):

As a part of the planning process and to invigorate the conversation, a SOAR process was used to provide articulation of the organizational vision and direction. A SOAR is different from the traditional SWOT (strengths, weaknesses, opportunities and threats) in that it views the work and future from a strength-based perspective.

Strengths Opportunities Willingness/care Broad Awareness of **Expand the Collaboration** Community Communities need support resources -Needs across community availability **Making Connection** Opportunities exist to strengthen the Community Inclusive Empathy, sensitivity Appreciable **Education addressing discrimination** attitudes vulnerable relationship countered Collaborative On message Creativity for Problem solving Outreach go to customers **Engagement Low Increase populations Aspirations** Results Creation of a good "road" map **Empowerment model** Create Change Outcomes of collaboration and Cross – collaboration – seamless partnerships Public, private partnership Continue deep engagement w/Low-Inclusive of all POPS=connections income

- Eliminate poverty financial stability well being
- Trauma informed @all levels
- Partner w/school, w/cultural competency ground up w/schools
- Reaching out to invisible populations
- Advocate to employees to instigate exploitation of workers
- Education for oppressed populations
- LGBT, Elderly women "intersectionality"

- Increased Trust & Respect
- Increased profile/awareness of CA
- Additional funding
- Adaptive/ Creative agency practices to engage w/customers
- Effective advocacy **empathy POPS**.
- Using data to tell the story qualitative

Strategic Direction One: Poverty Education and Outreach

DCCAD will educate and inform the community about poverty. Poverty awareness training will strengthen relationships, build outreach and create new opportunities for the entire service area.

Lo	ng Term Goal	Short Term Goals	Objectives with Timeline	ROMA Goals and Standards Alignment	Staff Responsible
PE01	Develop branding and messaging for DCCA (Value and ROI)	Target print, radio, electronic, special populations – UV, ESL classes	Complete in 2017 1. Develop ads, PSAs, and Social Media mechanisms to reach out to special populations. (English and Spanish) 2. Develop a Communications plan that will assist with the implementation of branding and messaging. 3. Build relationships with media outlets to heighten the profile of the agency. Complete in 2018 4. Strengthen approaches to use social media and other mechanisms to market agency resources. 5. Assessment of branding and messaging to identify gaps/success Ongoing in 2019-2021 6. Evaluate Communication plan for relevancy and emerging resources.	Agency Standards: 2.3, 4.4, 4.5, 4.6, 7.1, 7.3
